COMPANY FACT SHEET

As of June 30, 2010

CORPORATE PROFILE

Oceaneering is a global oilfield provider of engineered services and products primarily to the offshore oil and gas industry, with a focus on deepwater applications. Through the use of its applied technology expertise, Oceaneering also serves the defense and aerospace industries.

Oceaneering's business offerings include remotely operated vehicles, mobile offshore production systems, built-to-order specialty subsea hardware, engineering and project management, subsea intervention and installation services, non-destructive testing and inspections, and manned diving.

MISSION STATEMENT

Oceaneering's mission is to increase the net wealth of its shareholders by providing safe, cost-effective, and quality-based technical solutions satisfying customer needs worldwide.

BACKGROUND

Founded in 1964, Oceaneering has grown from an air and mixed gas diving business in the Gulf of Mexico to a diversified, advanced applied technology organization operating around the world. Oceaneering achieved this growth by executing a plan of both internal research and development augmented by strategic acquisitions.

For the quarter ended June 30, 2010, Oceaneering earned net income of \$54.3 million on revenue of \$464.3 million, or \$0.98 per share while employing approximately 7,900 people working out of 68 locations in 21 countries. The Company serves its oilfield customers through the trade names of Oceaneering International, Oceaneering Intervention Engineering, Oceaneering Multiflex, Oceaneering Grayloc, Oceaneering Rotator, and Oceaneering Inspection Services. Our Advanced Technologies Group, which includes Oceaneering Technologies and Oceaneering Space Systems, serves our customers outside the oilpatch.
