

OTC Technical Program Schedule

Monday, April 30

Time	Topic	Presentation Type
09:30	Managing Marine Risks to Offshore Oil Structures: How Close is Too Close?	Technical
09:30	Autonomy Applied to Seep Hunting for De-Risking Exploration	Technical
10:30	Optimizing Production with Subsea Well Intervention	In-Booth Presentation
01:30	Integrated Pipeline Repair Solutions	In-Booth Presentation
02:00	Umbilical Cost Reduction and Spare Philosophy Improvement with Use of Chemical Injection Valves	Technical

Tuesday, May 1

Time	Topic	Presentation Type
10:30	Providing Solutions with Advanced ROV Technologies	In-Booth Presentation
01:30	Integrated Pipeline Repair Solutions	In-Booth Presentation
02:00	CEO Panel: Integrated Offshore Activities, Mega Mergers, and Alliances: A Competitive Integration	Panel
02:30	Spotlight on New Technology® Award Celebration	In-Booth Presentation
04:00	Automation, Efficiency, and Optimization Offshore: Remote Management of Our Industry	Panel

Wednesday, May 2

Time	Topic	Presentation Type
10:30	Providing Solutions with Advanced ROV Technologies	In-Booth Presentation
01:30	<i>Ocean Evolution</i> : Advancing Vessel Capabilities	In-Booth Presentation
02:30	Spotlight on New Technology® Award Celebration	In-Booth Presentation

Thursday, May 3

Time	Topic	Presentation Type
07:30	Center for Offshore Safety: Interaction of Culture, Systems, and Human Performance - The Next Step Change in Safety Management	Panel
10:30	Human Performance & Safety Culture: How We Do It	Panel
10:30	Optimizing Production with Subsea Well Intervention	In-Booth Presentation
02:00	Technical Building Blocks for a Resident Subsea Vehicle	Technical

Attend for a chance to win!

Attend our in-booth presentations for a chance to win a pair of wireless headphones.
