

SAFETY MOMENT!

COVID-19 (Coronavirus)

Simple precautions everyone can take

TRANSMISSION

- Person-to-person via respiratory droplets
- Spread from contact with infected surfaces or objects

PREVENTION

- Avoid close contact with people who are ill
- Cover your mouth while coughing or sneezing
- Practice good hygiene
 - Wash your hands for 20 seconds
 - Avoid touching your face
 - Use hand sanitizer that contains at least 60% alcohol
- Avoid handshakes and practice social distancing (6 ft)
- Clean and disinfect surfaces you touch daily (phones, keyboards, faucets, etc.)

TAKE ACTION

- Inform your supervisor at work if you feel unwell
- If you just returned from a CDC Level 2 or Level 3 location, cancel your participation in group gatherings
